FEDERAL GRAND JURY RECESSES

No New Indictments Returned By New Orleans Hold-Over Body

NEW ORLEANS Dec. 1.—(AP)—Further work of the federal grand jury which has indicted high ranking politicians in the old Huey Long Louisiana dictatorship was in temporary recess today.

The hold-over grand jury, one of two at present [illegible] hearing, recessed subject to call of the district attorney last night at dark after examining witnesses and [illegible] consultations in a day-long session.

O. John Rogge, assistant attorney general; Rene A. Viosca, federal district attorney and others of the prosecuting staff were called in at intervals but during the last 45 minutes the grand jury worked alone, and recessed at 5:30 p.m.

The announcement was then made that the grand jury had recessed subject to call and no indictments were returned.

However, the new grand jury which was empaneled November 20 was called into session this morning and officials indicated that a number of indictments would be returned from its investigations.

The old grand jury can consider only cases presented to it prior to the date of organizing the new body.

GANNETT, HOOVER HOLD CONFERENCE

SAN FRANCISCO, Dec. 1.—(AP)—Frank E. Gannett, New York publisher frequently mentioned as a possible Republican presidential candidate in 1940, had a long conference with former President Herbert Hoover.

Gannett said the conversation late yesterday revolved about national politics but would not otherwise discuss it except to add it was a "very satisfactory talk."

Gannett called Russia's invasion of Finland "one of the greatest outrages in history."

"Finland has done no harm to anyone and the attacks on women and children are fiendish. I'm sure all Americans are sickened by this great tragedy. Some day there will be retribution for such ruthless slaughter of innocent people."

Gannett will speak before Nevada young Republicans at Reno tonight.

PITTSBURGH—The "no checkee, no washee" rule didn't work so well for Yee Hong, laundry owner.

A man walked in, handed him a paper slip on which Chinese characters were scrawled. But the check hadn't come from Yee's place.

"No laundry," said Yee, shaking his head.

"Gimme your money, then!" commanded the man, producing a gun. Yee handed over the $11 in his cash drawer.

BUND SEEKS TO GET MONEY TO GIVE TO KUHN

'Fuehrer Pro Tem' Asserts Jailed Leader Still In Saddle

NEW YORK, Dec. 1.—(AP)—The German American Bund, set off from inside the [illegible] jail [illegible] pro tem, to raise funds for an appeal for Fritz Kuhn, convicted of forgery and theft from the bund's treasury.

The jailed Fuehrer still was in the saddle in absentia while National Vice Leader G. William Kunze went ahead with plans to convince the [illegible] that Kuhn should be paroled [illegible] from the [illegible] because he contributed "more to the [illegible] than any other."

Thus Kuhn [illegible] "[illegible] leadership" [illegible] while Kunze [illegible] "[illegible] the work of the Führer [illegible] awaiting the day of sentencing Kunze a "[illegible] former Philadelphian made [illegible] he said no immediate steps [illegible] among the eastern groups [illegible] had named him successor even as Adolf Hitler chose [illegible] successor in the [illegible] fight against Poland.

"I take [illegible] Kuhn's place where he cannot be personally, but Fritz Kuhn is the leader of the German-American bund and will continue to be," Kunze told a bund rally in the Bronx last night.

Some 400 German Bundsmen and men the latter obviously accustomed to tool rose and cheered.

"But we cannot go on unless large sums of money are available," he continued. "We will carry this battle through until he (Kuhn) is free again. We will go on, but not freeze."

Kunze spoke from a tiny rostrum before which stood a large swastika with a microphone atop it. Behind him stretched a huge American flag and a guard flanked him on either side, one bearing an American flag, the other a German emblem.

When "The Star Spangled Banner" sounded from the loudspeaker all arose. Many began giving the Nazi salute, wavered a moment, then drew their hands slanted to their foreheads.

Kunze reviewed the trial which closed Wednesday and attacked newspaper accounts of it.

RAIL SEPARATION OPPOSED BY I. C.

WASHINGTON, Dec. 1.—(AP)—The Illinois Central railroad and its subsidiary, the Yazoo and Mississippi Valley railroad, opposed today a proposal to separate the Rock Island, Arkansas and Louisiana road from the Rock Island system.

The Illinois Central and the Yazoo said in a petition filed with the interstate commerce commission that separation of the road from the Rock Island system and its acquisition by the Louisiana and Arkansas railway would create a new north-and-south trunk line between New Orleans and northern points.

A commission examiner in a proposed plan of reorganization for the Rock Island system, recommended against the proposal to separate the rival system, but the Louisiana and Arkansas asked the commission to overrule the examiner and allow the rail to be acquired by the Louisiana and Arkansas.

POWER THROWN OFF

May Be Allowed To Proceed With Work Tuesday Morning

NEW ORLEANS Dec. 1.—(AP)—State Senator James A. Noe, candidate for governor, figured in a mass free-for-all fight with deputies and attaches of the civil sheriff's office here this morning when they refused to let Noe and two [illegible] photographers start photographing 1936 [illegible] certificate books.

The state supreme court recently ruled that the [illegible] could be made.

Senator Noe himself mixed in the melee when Deputy Sheriff J. W. Andree refused to allow the photographers to proceed. Several officials rushed Noe and the photographers Ray Hufft and A. A. Edgecombe, and there was general [illegible] mauling and pushing.

Noe grabbed a poll book and ran down [illegible] end of the room and about this time Edgecombe pitched Deputy Andree over his head onto the floor.

Finally order was restored and Noe prepared to proceed with the photographing of the book he held, but at that time the county sheriff was thrown [illegible] cutting off powerful flood lights which had been installed.

Also at that time a telegram arrived from Sheriff Lewis Knop, who is in Baton Rouge, the text of which Noe's [illegible] refused to read.

STATES DILLON SAID HE'D GIVE WARREN MONEY

Blewster Testifies Cash Was To Be Used In Congressional Race

Testimony intended to show that money Dr. Hadley Dillon is alleged to have embezzled from Louisiana Training institute was to be used to support Jesse O. Lewis Warren, losing participant of the three-man field for congressman, was introduced as the Dillon trial was to be resumed in district court here Friday morning.

Warren, also president of the parish police jury who himself is under indictment for profiting from sales of asphalt to the parish, has not been found for service of a summons to appear as a witness in the trial. Sheriff Milton Coverdale said. Warren's trial was set for Friday, but was indefinitely postponed when it was found that the Dillon trial would continue through most of next week.

W. L. Blewster, bookkeeper at L. T. I., testified that Dillon converted proceeds of the sale of scrap iron and a used automobile belonging to the reformatory into cash, the superintendent explaining that he would deliver the money to Warren for use in the Mills-Todd congressional campaign in the summer of 1938. The bookkeeper said the items had never been entered on the institute books and that neither Dr. Dillon nor Warren had repaid the amount totaling $112. Blewster added that he had contributed $10 of his own funds for the campaign, giving the money to Dr. Dillon.

The trial of the white-haired ousted superintendent was resumed Friday morning after having been abruptly halted at the beginning of the afternoon session yesterday when J. Reuel Boone of Many, chief counsel of the defense, was stricken with acute appendicitis and removed to a local hospital. After spending the night under observation of physicians at the hospital, Boone appeared in court

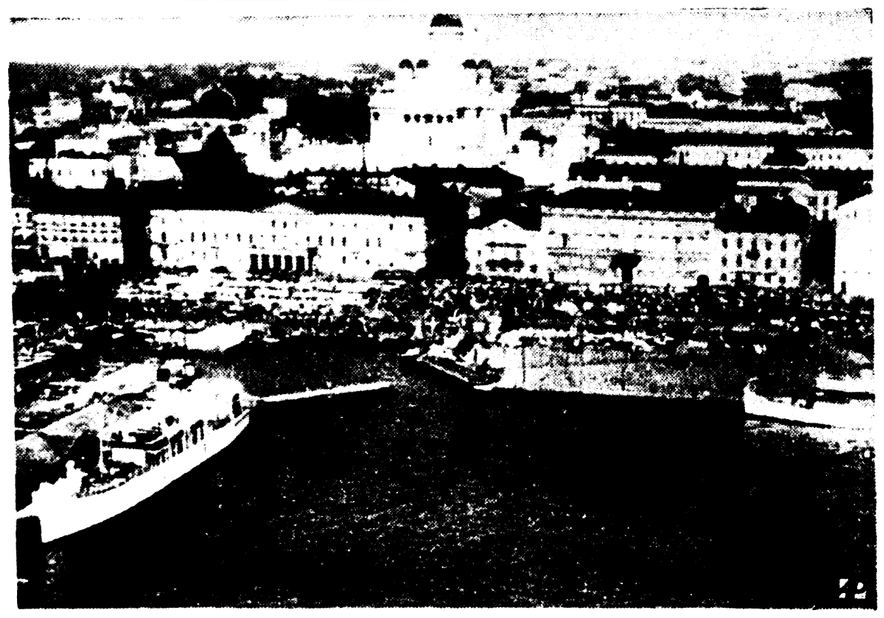
PEDESTRIAN BADLY HURT NEAR EPPS

EPPS, La., Dec. 1.—(Special)—E. C. Waller, 24, of this town, is in a clinic at Delhi in a critical condition as a result of being hit by a farm truck driven by John Smith of Darnell last night. The accident occurred a short distance from Epps when Waller, with a cousin, J. D. Waller, was walking along the left side of the highway.

Immediately after he had been struck by the truck, Smith, the driver, picked him up and conveyed him to the Delhi clinic, where it was found that he had a ruptured liver and other internal injuries which it is feared may prove fatal.

Two eye-witnesses to the accident were Don Baxter of Rayville and J. D. Waller of Epps, cousin of the injured man.

SOVIET AIR BOMBS SET FIRE TO FINNISH CAPITAL



Within a few hours after the outbreak of war between Russia and Finland, Soviet bombing planes swarmed over Helsinki, the Finnish capital, and set the city afire. The bombs killed an undetermined number of persons, blasted down apartment houses and almost completely destroyed the Helsinki Institute of Technology. Here is a view of a section of the city and the harbor.

JONES STATES MAESTRI NOW STATE RULER

Noe Charges That Administration Is Promise-Breaker

NEW ORLEANS, Dec. 1.—(AP)—Sam Jones candidate for governor charged in a political speech yesterday that Mayor Robert S. Maestri of New Orleans had succeeded the late Huey P. Long as the one-man dictator of Louisiana.

Jones spoke at Ringgold as other candidates appeared in various sections of the state.

James H. Morrison promised at Jonesville he would reduce electric rates "in some cases, 40 per cent."

James A. Noe charged at Thibodaux that the state administration was a promise-breaker and had burdened the people with 27 new taxes.

Vincent Moseley, waxing flowery, said that Governor Earl K. Long was a Snow White in Louisiana's political fairyland who had been outpromised by Sam Jones.

Jones said that "12 years ago there existed a condition in this state whereby the government of the entire state was controlled by the old New Orleans ring.

"There arose in the parish of Winn a leader who promised to take the government out of the hands of the ring and restore it to the people. But 12 years have come and gone since then and today the cycle has been completed.

"The government of the state today consists of only one man, Bob Maestri, the mayor of New Orleans, who rules through his puppet, Earl Long."

Jones said the people of north Louisiana "have nothing in common with that man (Maestri). You don't want a man like that telling you what to do any more than I do."

The farmers have been "betrayed" by the administration, Jones said. Nothing has been done to encourage agriculture, to find additional markets for farm products, he asserted. The administration was accused by the candidate of having spent for farm-to-market roads only $13,000,000 of the $30,000,000 appropriated for and dedicated to that purpose.

Jones said he had nothing against "the honest man on the state payroll who is doing an honest day's work for a day's pay." He said he was "after the political thieves who have bled the state white."

Speaking with Jones here was Eugene Stanley, candidate for attorney general. They were introduced by Mayor Walter McDowell.

Morrison vigorously assailed electric rates in Louisiana, promising that if he is elected light and gas rates will be reduced.

"In some cases the people can look to a 40 per cent reduction in their present rate," said Morrison, charging

WRIGHT QUITS IN FACE OF OUSTER

VINITA, Okla., Dec. 1.—(AP)—R. V. L. Wright resigned as general manager of the $20,000,000 Grand river dam hydro-electric project today at the start of a hearing on ouster charges against him.

Wright's resignation came after the project's board of directors assured him his engineering ability and his integrity had not been questioned.

He was employed November 22, 1937, at a salary of $15,000 a year.

The ouster charges were based on a formal Grand river dam authority accusation that he was "inefficient."

Finland Faced By 2 Unhappy Alternatives

Must Risk Devastation Of Capital Or Yield To Russia

PLIGHT IS SERIOUS

Nation Pummeled By Swift Enemy Blows From Many Sides

HELSINKI, Dec. 1.—(AP)—Helsinki's chief of police said tonight that 30 women and children were killed by Russian bombs dropped in the raid on the capital early this afternoon.

HELSINKI, Dec. 1.—(6:50 p.m., 11:50 a.m. eastern standard time)—(AP)—Finland formed a new government tonight, dropping leaders who had been assailed by Moscow, as Russian armed forces renewed and extended their attack upon the country.

While the new government was being formed, Russian bombing planes swooped low over the capital and machine-gunned civilians in the streets. Viborg and other cities also were raided.

Russian attacks extended from Finland's extreme Arctic tip, where soldiers were reported dropped by parachute from warplanes to seize important towns, to Finland's extreme southwestern corner, where Red warships opened a blasting onslaught against the strategic port of Hangoe, guarding the entrance to the Gulf of Finland.

PARIS, Dec. 1.—(AP)—The senate today approved extending the power of Premier Daladier to rule France by decree for the duration of the war. The vote was 259 to 23.

The measure already had cleared its major hurdle by gaining approval of the chamber of deputies and had been pushed through preliminary stages in the senate.

LONDON, Dec. 1.—(AP)—The British steamer Dalryan, 4,558 tons, struck a mine and sank today off the southeast coast of England. Her crew was rescued.

By Lynn Heinzerling

HELSINKI, Dec. 1.—(AP)—Finland apparently faced a choice between two desperate alternatives today under the pressure of Russian invasion—to ignore a threat to devastate her capital or choose leaders with whom the Soviet government might deal.

The resignation of the Finnish government early today after parliament had given it a unanimous vote of confidence attested the Finns' plight. 24

YOUTH LEADERS LUNCH GUESTS OF FIRST LADY

Mrs. Roosevelt Emphasizes Faith In Allegedly Red Organization

WASHINGTON, Dec. 1.—(AP)—A White House luncheon for leaders of the American Youth congress served today to emphasize Mrs. Franklin D. Roosevelt's faith in the organization despite the Dies committee's contention that it is a "Red front" group.

The congress leaders testified before the committee yesterday that neither they nor their organization was dominated by the Communist party. Mrs. Roosevelt attended the hearings and during the noon recess took the group to the executive mansion for luncheon.

She had said previously that she would testify if the committee thought she had pertinent information.

Acting Chairman Starnes, Democrat, Alabama, asked if the committee intended to afford her an opportunity to make a statement, just laughed in reply.

Chairman Dies, Democrat, Texas, who has attended none of the committee's hearings this week, told reporters in New York last night that he doubted whether Mrs. Roosevelt could offer any valuable information on subversive activities. Dies was ordered to bed by his physician upon his return to the capital. Previously, a New York physician advised a rest of two or three weeks. Members of his family said Dies was suffering from fatigue.

The American Youth congress drew the attention of the committee last fall when Kenneth Goff, who said he was a former Communist, testified that William Hinckley, former congress chairman, was a Communist and that the organization was "Communist-dominated."

A short time later, Mrs. Roosevelt said she knew definitely that neither Hinckley nor Joseph Cadden, executive secretary, were Communists. She has addressed several of the organization's national conventions.

Hinckley, Cadden, Jack McMichael, present chairman, and dozens of congress sympathizers filed into the huge committee room yesterday morning to reply to statements of critical witnesses. It was not until late in the day that they were called to the witness stand.

Mrs. Roosevelt moved up to a seat near the committee table to listen as the three criticized the Dies committee, made their denials of Communist influence and traced the organiza-

A few days ago Howard Strother, Eunice editor, was indicted for libel, slander and obtaining money under false pretenses. He is a candidate for state senator.

Yesterday, Maxile Savoy, also of Eunice, had to post bond of $100 because one of his neighbors charged him with using vile language. He is a candidate for sheriff.

FINLAND GETS SYMPATHY OF MANY NATIONS

No Offer Of Concrete Assistance Against Russia Received

ITALY RAPS ATTACK

Jains U. S., Britain And Others In Flaying Russian Aggression

WASHINGTON, Dec. 1.—(AP)—President Roosevelt declared today that Russia's invasion of Finland was a "profound shock" to the United States and jeopardized "the rights of mankind to self government."

In a formal statement read to a press conference, the chief executive said all peace-loving peoples would "unanimously condemn this new resort to military force as the arbiter of international differences."

The president's statement in full follows:

"The news of the Soviet naval and military bombings within Finnish territory has come as a profound shock to the government and people of the United States.

"Despite efforts made to solve the dispute by peaceful methods to which no reasonable objection could be offered, one power has chosen to resort to force of arms.

"It is tragic to see the policy of force spreading, and to realize that wanton disregard for law is still on the march.

"All peace-loving peoples in those nations that are still hoping for the continuance of relations throughout the world on the basis of law and order will unanimously condemn this new resort to military force as the arbiter of international differences.

"To the great misfortune of the world, the present trend to force makes insecure the independent existence of small nations in every continent and jeopardizes the rights of mankind to self-government.

"The people and government of Finland have a long, honorable and wholly peaceful record which has won for them the respect and warm regard of the people and government of the United States."

Before the press conference the president asked Russia and Finland to pledge before the world that they would refrain from bombing defenseless civilians and unfortified cities.

WIDOW GUILTY IN DEATH RING

Mrs. Millie Giacobbe Convicted Of Poisoning Husband

PHILADELPHIA, Dec. 1.—(AP)—Justice had overtaken a middle-aged widow today just as it caught up with 13 others linked with a ring that trafficked in death for profit.

Mrs. Millie Giacobbe was convicted last night on a charge of slaying her husband by a jury that recommended life imprisonment.

Paling as the first degree verdict was read, the defendant rose to protest her innocence before she was escorted to a prison cell.

She was accused of poisoning her husband, Antonio, whose death was placed by investigators among "scores" slain by a combine that dealt in murder for insurance.

Mrs. Giacobbe was described by her counsel as a "superstitious, fearful woman, who believes in witchcraft," while the prosecution pictured her as one "coldly motivated by greed." She dispatched her husband, the state contended, in order to collect his $3,800 insurance.

Thus far six persons, three of them women, have been convicted of slayings ascribed to the insurance ring. Eight others have pleaded guilty. Two, Mrs. Grace Giovanetti and Mrs. Josephine Romualdo, have been condemned to death.

In another courtroom, the case of

PAPER CHARGES FATE OF FINNS TO ROOSEVELT

Asserts Little Nation Used As Pawn To Foment War On Russia

NEW YORK, Dec. 1.—(AP)—The Daily Worker, leading Communist organ in this country, in a front-page editorial today said "the plight of the Finnish people • • • can be laid at the doorstep of President Roosevelt."

The newspaper also charged that the United States, Great Britain and France were using Finland as a pawn to foment an imperialistic war to destroy Soviet Russia.

(In Boston, the Communist party of Massachusetts distributed 100,000 circulars defending the invasion of Finland and accusing "the officials of the semi-Fascist government of Finland" of provoking war deliberately.

("The red army is on the march for peace and socialism and is dealing powerful blows against world imperialism," the circulars said.)

The two-column editorial in the Daily Worker said it was "the sheerest hypocrisy for the press to pretend moral indignation at 'a little country' engaged with a 'big country like the Soviet Union.'

"They know that behind the Finnish ruling cliques stand the mighty forces of British and American imperialism, goading, encouraging, supporting the hostile acts of Finland."

The editorial asserted Prime Minister Chamberlain of England had tried in vain to get Germany to start a war with the Soviet government.

"For this plan," it continued, "he (Chamberlain) paid fascism with the bodies of Spain, Czechoslovakia, and Austria, even as he was ready to pay with Poland. But he failed, defeated by the Soviet Union's peace policy and strength."

Declaring Chamberlain now is operating an anti-Soviet war plan through Finland, the paper said,

"The present Finnish rulers have been given the assignment by world imperialism, London, Paris and Washington, to transform the present imperialist English-German war into the anti-Soviet war which was organized by Chamberlain and Hitler at Munich and shattered by the non-aggression pact when Hitler discovered that the

GAY FIESTA OF TWIN CITIES IS ALL SET TO GO

(Continued from First Page)

cial city buses will convey them to the point at which the parade is to be initiated.

For a month or more 50 young men and women of the National Youth administration have been preparing the decorations for the many floats under the direction of H. M. Phipps of Memphis, Tenn., who has built floats for the elaborate cotton carnival of that city for the past six years.

Sixteen floats will be those entered by as many high schools and colleges of northeast Louisiana and the other four will represent the spirit of Christmas.

The Chamber of Commerce through its retail merchants' division, has spared neither time nor expense to make this fiesta the outstanding event of the kind ever attempted in this section of the state. The purpose will be to provide the people of northeast Louisiana with a day of entertainment and wholesome enjoyment, which will go far to establish in the minds of the public of this part of the state that Monroe and West Monroe are the trading center of this wide area and that their stores and homes are always open with latch string hanging out for the reception and entertainment of the public.

DeSiard street from the river to Five Points will be blocked off from auto traffic, except for city buses and service trucks, from 9 a.m. to 11:30 a.m. Saturday, to allow for the formation and holding of the fiesta parade. No cars can be parked on this area during these hours, according to Chief of Police Frank V. Reitzell.

The chief explains this order as having been made necessary for two reasons. First, he said that automobiles parked on DeSiard street at a time like Saturday morning, when there will be thousands of people jamming the street to witness the fiesta, would stand a great chance of being badly damaged. He said that a year ago several cars were damaged in this manner on that street and he wishes to avert more trouble from that source. Second, the street is so narrow that every bit of available space will be required for the floats and for the accommodation of spectators.

QUEENS FROM COLUMBIA AND BASTROP FOR FETE

These two pretty misses are Marilyn Iverson, left, and Billie Marie Porter, right, of Columbia High school and Bastrop High school, respectively. They're the queens for their schools and will ride in regal splendor in the Christmas festival parade tomorrow morning.

ST. JOSEPH ROTARY CLUB ONE YEAR OLD

ST. JOSEPH, La., Dec. 1.—(Special)—The first anniversary of the founding of the St. Joseph Rotary club was observed at the community house with a dinner served by the Episcopal auxiliary.

Approximately 60 attended which included members, their wives and a few guests. Red and green was the color scheme carried out in table decorations. A bowl holding scarlet chrysanthemums comprised the centerpiece, with scarlet berries, vines and red candles in silver holders decorating the entire table.

A delicious three-course turkey dinner was served. "The First Year of Rotary" was the topic of the occasion and brief talks were made by Elliott Coleman, Mrs. Holloman Cook and Dr. Joseph Whitaker. Donald Robinson gave several piano selections. A contest was scheduled which ended in Mrs. G. L. Burleson and Mrs. K. Standifer as the winners.

E. Lucas, AAA administrative assistant here, has announced.

'UNCLE TOM' ON ORLEANS STAGE

Production Estimated To Be Play's 300,000th Performance

NEW ORLEANS, La., Dec. 1.—(AP)—The hounds chased Eliza once more last night and Simon Legree gave Uncle Tom big lumps in a rare deep south revival of the play which ran continuously for 72 years longer than Tobacco Road.

New Orleans' Group theater's smooth production might have been the 300,000th performance of the melodrama which helped touch off the War Between the States. This is an approximation by state historians. No one can say exactly anymore because the American theater has lost the count on "Uncle Tom's Cabin," whose consecutive run was half as long as the country's history.

Gerhardt Lindenmulder, professional director of the group's amateurs, said "Tom was revived not to kid it but to play it straight or lightly as the scenes require and to show the pathos, humor and suspense that made it one of the greatest pieces of theater this country has produced."

Uncle Tom and his hound-dog quality of sadness first trod the boards for a Troy, N. Y., audience in 1852. From one night to another for 75 years, through 1930, he never left them. Scenes changed, the towns changed, the actors, the audience, the century even but Tom went marching on.

The New Orleans performance brought to light poignant evidence that sectional attitudes change also. A Times-Picayune critic last night applauded the piece as "a gay yet artistically serious affair. . . . Restrained and intelligent."

Deep in the files, on faded paper dated 1852, when New Orleans was a leading slave market, an earlier Picayune writer spoke bitterly of a report that Harriet Beecher Stowe's sensational novel was being fashioned into a Yankee abolitionist play.

Mrs. Stowe did not intend her work as an inflammatory abolitionist argument. Shelby and St. Clare, the kindly slave owners, were southerners. Simon Legree was a Yankee.

"Uncle Tomming" once a career in itself, has followed slavery into the American limbo.

BICYCLE STOLEN

Theft of a bicycle belonging to Anthony Kindell, 213 Cedar street, was being investigated Friday morning by local police. The bicycle, said to have been stolen between 5 and 11 p.m. Thursday from the 600 block of DeSiard street, was described as a size 28 Packard, painted two tones of green.

Leaves do not turn color in the fall, contrary to general opinion. The color—green, orange and yellow—is there all the time but is obscured by the dominant green. Cool weather causes the green pigment to disappear, allowing the others to show.

BUCHALTER IS CALLED RULER OF DRUG RING

Accused Of Employing Women To Smuggle In Contraband

NEW YORK, Dec. 1.—(AP) Federal prosecutors today pictured Louis (Lepke) Buchalter, kingpin fur racketeer, as an overlord of the underworld who also dominated an international $10,000,000 narcotics smuggling syndicate.

Assistant United States Attorney Joseph P. Martin told the jury trying Buchalter on charges of conspiracy to violate the narcotics laws that the syndicate used attractive young women agents to smuggle in the contraband.

Each woman was chosen for her charm and personality, Martin said, and received $2,000 plus expenses to make the trip to Europe and bring back trunks loaded with heroin, cocaine, opium and other narcotics.

The trunks were passed by bribed customs officials, the prosecutor charged.

Buchalter, who could be sent to prison for a 164-year term and fined up to $185,000 if convicted on all counts, listened to the opening of his trial with alternate deep interest and apparent boredom. His wife, Beatrice, clad in a black caracul coat, sat in the second row of spectators.

The government portrayed Buchalter as a cautious "big shot" who at first hedged about entering the syndicate but, once in, demanded 60 per cent of the profits, later agreeing to take only 50 per cent for his aid and influence.

Martin said the syndicate operated in 1935-1936 in Mexico, Japan, China, France, Italy, Denmark and such American ports as New York, San Francisco and Seattle.

Thirty persons have been indicted during the federal inquiry. Three are on trial with Buchalter, nineteen have pleaded guilty, five are fugitives, and two women are awaiting separate trial.

Defense Counsel William W. Kleinman said he would show from the "very lips of the government witnesses" that Buchalter had not entered into the conspiracy. Kleinman said his client was not confronted by actual evidence but by a "tremendous atmosphere, a myth" built up about him.

MYSTERIOUS SHOT KILLS ENGLISHMAN

BALTIMORE, Dec. 1.—(AP)—The case of a 61-year-old Englishman, killed almost instantly by a bullet fired into his eight-gun Baltimore police a mystery tonight today.

For two hours after his body was found in the office of a real estate company where he worked as a bookkeeper, employes thought Albert C. Cooley died of natural causes.

Then at the hospital, an examination disclosed Cooley, a native of Manchester, England, had been shot in the left eye and the bullet had entered spiraled into his heart. No gun was found, police said.

Captain John A. Cooney, chief of detectives who took charge of the case, said the circumstances indicated Cooley was shot at the desk in the office. There were no evidences of a struggle or robbery and police found $12.75 in cash in the bookkeeper's pocket.

W. F. McMaster, Cooley's employer for the last 16 years, said he saw the man at work 30 minutes before the body was found.

ALASKAN CHILDREN SOON TO SEE WHEAT

BISMARCK, N. D., Dec. 1.—(AP)—A class of fourth graders at Flat, Alaska, will soon examine something they have never seen and something for which North Dakota long has been famous—a sheaf of wheat.

The pupils of Otter Territorial school studied about wheat and "for some inexplicable reason these white and Eskimo students were taken by an unusual interest in wheat and the land from which it comes," Principal Norris K. Potter wrote Arthur E. Thompson, superintendent of public instruction.

"Naturally, we should like to do something for you too," the students wrote Thompson. "You are famous for wheat, we are famous for ice and snow.

"We cannot very well send you any of our ice and besides our teacher says you have plenty of that there so please let us know what you want from Alaska."

Thompson said he had "no idea" at the moment just what he "would want from Alaska."

INFANT MUST DIE OF BLOOD DISEASE

BALTIMORE, Dec. 1.—(AP)—Unless the right blood donor can be found—and the chance is slim—two-year-old Billy Boblitz, Jr., must die.

Stricken November 22 with acute myeloid leukemia, a rare malady which causes white corpuscles in the blood to multiply and consume life-sustaining red corpuscles, the chubby, rosy-cheeked youngster could still play weekly today with his toys and his teddy bear at Mercy hospital.

But, Dr. George S. Baley, his physician, said his only chance to live lay in discovery of a person cured of the disease, whose blood could be transfused into Billy's veins.

WALLACE ASKS SOME FORM OF PROCESS TAX

Believes Continuing Source Of Revenue For Farmers Necessary

OKLAHOMA CITY, Dec. 1.—(AP)—Secretary of Agriculture Henry Wallace suggested today that a continuing source of revenue for farm benefits might be found in a "modern version of the processing tax."

In a speech prepared for broadcast over a national farm network, the cabinet member said:

Among the plans under discussion is the so-called certificate plan. Under this proposal farmers would get production certificates. Processors of cotton, for example, would be required to buy these certificates in order to sell their goods.

The certificates would be equal in value to a certain number of cents per pound or bushel. The growers would sell their certificates to the processor, either directly or in a pool."

Wallace said there were "obvious advantages to such a plan."

"For one thing, it might be possible for the producer to cash his certificate at the time he sold his crop. One of the complaints against the present program is the length of time the grower has to wait for his check. And the certification plan would not require funds from the treasury."

"Every proposal should be carefully examined. * * * But I feel it is essential that the farmers should—as quickly as possible—get behind some plan that will assure them a permanent source of the revenue they need.

"I am hopeful the processors will cooperate with us. Among the processors are many able and progressive men. If they can be persuaded that we are right and I believe they can—they will go along with us. But die hards might as well abandon the idea that American farmers are willing to continue to exploit themselves, their families and their land to grow cheap farm products."

The secretary urged southern farmers to approve the marketing quotas for the 1940 cotton crop. Some 2,500,000 growers will vote on this proposal December 9. The quotas were approved in the last two annual elections.

"Since 1932 the triple-A cotton programs have been the crop that has prevented another collapse in cotton prices in the south.

"In voting December 9 cotton producers should keep a few essential facts in mind.

"First the world carryover of American cotton on August 1 was one of the largest ever known. Second, the world supply of all cotton for this year is nearly 50 million bales, one of the largest on record.

"Third the war is not likely to increase world consumption of American cotton, although better business may increase cotton consumption in the United States. Fourth the triple-A program can be used to increase the production of cotton if and when this becomes necessary. * * *

The farm programs may have added to treasury deficits, but all you should remember that this is not the farmers fault or the administration's fault. It is the fault of those who tried to destroy the program by destroying the processing tax.

Since the [illegible] the farm program, with the exception of sugar, have been financed out of general appropriations from the treasury. The processing tax, a tax in effect since 1933 has never been used for the cotton program. There has been no continuing source of revenue for other payments to farmers.

CHRISTMAS CASH PAID BY BANKS

One Institution Alone Disburses Approximately $92,000 Friday

The 1939 Christmas savings fund of the two local banks is paying off Friday, checks for the various amounts due being mailed to many depositors in the Twin Cities and vicinity.

The Central Savings Bank and Trust company's Christmas savings fund totaled approximately $92,000 and there were 3,500 depositors among whom this sum is being disbursed.

The Ouachita National bank also is paying off its Christmas savings fund but the amount involved was not made known, in keeping with its past policy. However, it was stated that it was a good sized sum and larger than was the case a year ago.

Throughout the country a similar practice is in vogue and many people depend upon these small weekly savings to provide for the purchase of their Christmas supplies and presents. Bank officials like the plan, too, for while there is little or no profit to the institution, it makes many new friends and at the same time affords a valuable lesson in thrift.

OLD BIKE TAKEN, NEW ONE IN PLACE

NEWTON, Mass., Dec. 1.—(AP)—Albert Beaudrot has got something to be thankful for today, too—he thinks.

While delivering telegrams in adjacent Watertown last night, Albert emerged from a home, found his old, dilapidated bicycle gone and a brand new one in it's place.

He informed police of the reverse larceny and the nonplussed officers advised him to keep the new bike if no one shows up to claim it.

STORE SELLS NOTHING BUT IS POPULAR

Gives People Chance To Go And See What They Want

ST. LOUIS, Dec. 1.—(AP)—A "store" that sells nothing—slickest service ever offered harassed Christmas shoppers—was boomed by the men about town today as a step toward Utopia.

If you are allergic to holiday crowds your worries are over.

This unusual "store"—appropriately named Musee de Noel—is a museum of helpful hints that virtually brings the old family catalogue to life.

It's an exhibit extraordinarie combining the best features of a smart rendezvous, specialty shop and department store. Really there are 41 stores rolled into one.

Strictly speaking, it is a woman's paradise but Thursday evenings are reserved for the men—by invitation only.

The first of these unique "for men only" parties was held last night. Several hundred gents dropped in after office hours to sip cocktails while pretty "clerks" with flawless good taste suggested the right gift for anyone from grandma to the girl friend's nosey little brother.

It's one of the neatest merchandising stunts ever sprung on the holiday spender and the men fell for it.

Customers can't buy anything. They just go in and look over the collection of 551 potential small gifts ranging from fur-trimmed spats to streamlined can openers.

Each article was picked impartially for its merit from some leading store. It is numbered and marked with the price and name of the place that sells it. Visitors are given pencils and cards on which to jot down the number of their selections. Then orders may be telephoned from home or the purchases made in a third of the usual time.

The items range in price from 50 cents to $10.

Two prominent Junior leaguers Etta Wells and Margaret Chandler Porter, sprung the idea on St. Louisans in a small way last year. It clicked and the season merchants stepped on one another's toes to get in line.

If you are wondering where the proceeds are going each store pays so much an article for the privilege of exhibiting.

The women have copyrighted the name and stand to make a neat profit out of the venture.

Already the store is being copied on a smaller scale in eight other cities—Philadelphia, Seattle, Birmingham, Baltimore, Detroit, Columbus, Ohio, Springfield, Mass., and Pittsburgh, Pa.

SANTA CLAUS TO BE AT MONTGOMERY WARD

Immediately following the Christmas fiesta parade Saturday, Santa Claus, as he has annually, will take up his abode at the Montgomery Ward store, the management has announced. He will remain there through December 23.

There will be a public reception at the store after the parade in connection with Santa's arrival and the old gentleman is reported to have expressed a keen desire to renew old acquaintances and to meet every youngster in Monroe, West Monroe and vicinity.

Santa will maintain this schedule during his stay at Montgomery Ward: Mondays through Fridays, 9 a.m. to 11:30 a.m. and 1:30 p.m. to 5:30 p.m.; Saturdays, 9 a.m. to 11:30 p.m. and 1:30 p.m. to 8:30 p.m.

Every child who visits Montgomery Ward's Toy Land will be given an opportunity to meet and talk with Santa and he will present a gift to each tot accompanied by its father or mother. He will talk on the telephone to children who are ill and unable to visit the store. He will make the calls himself, if he is requested, to cheer the little ones and speed their recovery.

SHINERS CLOGGING STEEL MILL WATER

CHICAGO, Dec. 1.—(AP)—The Carnegie-Illinois Steel corporation would be pleased if the millions of shiners loitering around its south Chicago plant decide to go elsewhere.

For more than a week the tiny fish have been hampering operations at the huge plant by clogging screens over water intake pipes in a Lake Michigan boat slip.

A number of departments were closed down at various times yesterday for lack of water. More than 200,000,000 gallons of water are needed daily for the circulating system which cools the blast furnaces and rolling mills.

Only by changing screens and cleaning off the live fingerlings could the flow of water be kept at near normal yesterday.

The shiners range in length from 1½ to 4 inches. No one seems to know why they chose the boat slip for a convention.

CHRSTMAS SPIRIT HELPS

BOSTON, Dec. 1.—(AP)—Motorists cashed in on some police pre-Christmas good will. Police Superintendent Edward W. Fallon issued an order cancelling all tickets for illegal parking issued yesterday against motorists watching a big Santa Claus parade through the downtown district.

THREE POSSIBLE UPSETS LEFT IN SOUTHEASTER

TRIO LIKELY TO PUT FORTH TITLE CLAIMS

Tennessee, Tulane And Georgia Tech Unbeaten In Conference

(By Associated Press)

Although the titular situation in the Southeastern conference seems pretty well in the bag, three possible upsets are on the schedule and must be taken into consideration before the three probable co-champions snatch for their laurels.

Traditional intra-state scraps which might toss a wrench into the calculations are on the Saturday slate. The University of Georgia Bulldogs clash with Georgia Tech and Louisiana State's Tigers attempt to avenge a poor season against powerful Tulane.

Tech, Tulane and Tennessee, undefeated within the conference, may claim co-championship.

But it will be a week more before even this will be decided finally. Standing in the way of the powerful Volunteers is the December 9 engagement with Auburn.

The Auburn Plainsmen showed themselves no heavy threat yesterday when the Florida Gators held them to a 7-7 tie in a Thanksgiving game dedicating the new Auburn stadium.

Tennessee continued its undefeated, unscored upon way with a 13 to 0 victory over the fighting Wildcats of Kentucky. It was the 13th game in which the Vols have held their opponents scoreless and gave a big nod to the way for a Rose Bowl bid to the Tennesseans.

In the conference other records Thanksgiving morning, Vanderbilt crumbled before the hollowing Crimson Tide of Alabama 20 to 0.

A fine kick by Barber, [illegible] quarterback, had pushed the Springhill team back to its 13-yard stripe to set the stage for the safety. On the first play Wilson fooled back for the aerial but found no one open and was tackled by Buster Wilkinson before he could get the ball away.

Springhill started the scoring in the second period on a 23-yard pass from Perez to Strickland. Mercantheir blocked Barber's punt and Strickland recovered on the Louisiana 15-yard stripe. Three line plays lost eight yards before Perez faking a kick, connected with Strickland over the goal. Crabtree kicked the extra point.

A few minutes later Louisiana college knotted the score with a touchdown pass. A 44 yard run on a reverse play by Poole placed the ball on the Badger three yard line and two plays last two yards. TALLULAH ENTERS CLASS A PLAYOFF

TALLULAH, La., Dec. 1.—(Special)—The Tallulah Trojans fought their way into the north Louisiana Class A playoff here Thursday afternoon, defeating Rayville's Hornets, 12-7, in a hard-fought battle.

Neither eleven was able to score after the opening quarter. The Trojans made both their markers first, Eula Lancaster scoring on a pass from Cagnolatti. The toss was good for 31 yards and the score.

Tallulah tallied a few minutes later on a 50-yard jaunt by Lancaster. Moberly failed to convert after each touchdown. The Hornets scored their touchdown on a run by Ruffell after a pass from Waller to Nunnally had put the ball on the Trojans' 30. Dear kicked the extra point, ending the scoring for both teams.

With their win Thursday, the Trojans entered the class playoff with Bastrop and Homer.

CENTER DROPS LAST GAME OF SEASON 19-6

Tilt Played In Rain; Locals Score Touchdown In Second Quarter

With Lamar Blount, 190-pound fullback, leading the way, the East Central Junior college Warriors of De-Catur, Miss., defeated the less favored Northeast Center of L. S. U. Indians, 19 to 6, here last night in a drizzle of rain on a sloppy field.

The Warriors, champions of Mississippi junior colleges, ended their second consecutive season undefeated, added the 16th link to a chain of successive victories and added the Louisiana-Mississippi junior college title, as the Indians had claimed the title as standard bearers in their class in Louisiana.

The Tribesmen made it a battle all the way, but the running of Blount and Joe Vetrano was more than the Indians could weather. The fast running Warrior backs were given some stellar blocking and repeatedly turned in good running exhibitions after their interference had fell behind.

Blount scored first on a line play from the Center four after the Warriors had marched from the Center 30 without much resistance to scoring range, and it began to look like a complete rout of the Redmen. But Center tightened up to battle harder, and the invaders were hard pressed in carrying two more touchdowns one by Blount in the second quarter and the other in the last period by Quarterback Bill Wallace.

Gus Bryson scored the Tribe's lone touchdown after the locals had recovered a fumbled punt on Decatur's [illegible]

While Blount, Vetrano and Wallace did most of the ball handling for the Victors, Doc Short was the mainstay of the [illegible] defensive Short turned in several good runs and the passing and [illegible] particularly outstanding in the punting waging a punting duel almost throughout the battle with Vetrano.

No touchdown run was for more than four yards but each team advanced for the long gain. The Tribesmen made the biggest gain on a single play when Short, with the ball on his own 42, tossed a pass to Max Hatch, [illegible] Wyatte to the Warrior [illegible] on the last stride as the half ended. [illegible] Tennessee did it with [illegible] help from the big men. Bill Nevis, George Colegio, George started at [illegible] prominent for a couple of plays but then had to retire to the bench with his injured knee and brace.

Burt Warren, Sam Bartholomew, Fred Newman, Johnny Butler and Bob Foxx took turns sifting through the befuddled Wildcats. The blocking in front of them was beautiful, and their net gain by rushing was 266 yards. Tennessee compiled only 11 first downs against Kentucky's 15, but the figures are misleading. The Volunteers struck with a purpose, while the Wildcats burned and stewed too near the 50 yard line.

This was the 13th straight game in which the Volunteers held their opposition scoreless—which is a good record against any sort of teams, including the Boy Scouts.

The contest scarcely had started when the Volunteer backs began driving, driving through their opponents' futile defense.

Cafego had gone out, replaced by Burt Warren, when Tennessee ran a punt back to Kentucky's 41. The Volunteers, without throwing a pass, went from their for their first touchdown right through Kentucky's life. Newman, Warren and Foxx, a shifty trio, sifted for gain after gain until the ball was planted a yard from the Wildcat goal, and then Bartholomew practically walked across.

Within two minutes the colossus from Knoxville intercepted a pass on Kentucky's 44 and was off and running again. Warren brushed through for 12; Bartholomew made 8 on a lateral; Newman zipped 7; Warren took his turn again, and the pigskin was on Kentucky's 11. Newman took the ball from center, handed it to Foxx, and Foxx bulleted through a yawning gap on the right side for a touchdown. That sewed up the decision, and Coach Neyland began sending in third stringers.

From there, taking the figures at face value, Kentucky had the best of things. The Wildcats trotted out a sophomore named Ermal Allen who could pass like a dream, and a runner named Junior Jones who could scat. In the second quarter this combination once are up 61 yards down the field. Late in the third period the same pair started from its own 7 line and went 65 yards before Tennessee held, but nothing came of all this, and when the Wildcats' relaxed from their labors Tennessee scored again.

Dave Coeller of Kentucky fumbled after taking a punt early in the closing chapter, and a swarm of yellow-jerseyed Tennesseeans covered the ball on the Wildcats' 14. Butler plunged to the 10, then faded back and completed a pass to Emil Hust in the end zone, Hust outfighting a couple of defenders for the ball. This time, (Newman and Foxx having flubbed their placement tries after the first two touchdowns) Thompson flipped a pass to Wallen for the extra point.

Tennessee didn't need to use the pass as a major weapon, with its backs able to tear Kentucky apart almost at will, but the Vols proved they could be handy with the aerial weapon. At odd moments they completed five out of eight attempts for a gain of 41 yards. Kentucky completed 18 out of 30 for 139 yards.

VOLS WALLOP KENTUCKY BY 19 TO 0 SCORE

Victors Practically Step Into Rose Bowl Game With Easy Win

By Gayle Talbot

LEXINGTON, Ky., Dec. 1.—(AP)—Tennessee's ever-winning Volunteers smashed down the Kentucky Wildcats, 19 to 0, at Stoll field Thursday for their 22nd consecutive victory, and practically wrote their own passport into the Rose Bowl.

Against a traditional foe that was geared to fighting pitch, the Volunteers piled down the field with amazing ease to score two touchdowns in the opening period, and then, with second and third string men dominating their lineup, showed across another for good measure in the closing quarter.

A packed house of 20,000 saw the Volunteers work mostly as they pleased. They knocked the Wildcats groggy at the outset and then played with them. Kentucky, with a promising sophomore team and very hopeful ground gaining attack in the middle of the field and once made a genuine scoring threat. But when they got too fresh the Tennessee's reared up and cuffed them back.

Early in the fourth, Tinsley punted out of bounds on Tech's 30-yard line, which started the Gentlemen on a second touchdown rampage. Bynum passed to Bowerman on the 22, and Barnes, Wilkins and Agpar collaborated in progressing to the two-yard stripe, from where Whitehurst scored his first touchdown of the year. Barnes' try from placement was wide.

Shortly afterward, Whitehurst made a push from Centenary's 42 to Tech's 11 to pave the way for another marker. Barnie picked up three yards and Whitehurst four. Then Whitehurst hit the line to cross the goal. Barnes missed the try from placement.

Later in the final period, Centenary was penalized half the distance to the goal line for slugging, giving Tech the ball on the Gents' 32. Tinsley made a lively tour to the 17 and Pirkle Vise added four yards to the 13. Then Merriott's pass to Adams was incomplete. Tinsley lost four yards, Hinkie failed to gain and the ball went over to Centenary on loss of downs.

Lewellen, Centenary center, intercepted a pass on Tech's 30, lateralled to Bowerman who was stopped on the 25, and the Gentlemen heard the whistle end the game as they apparently were headed for the pay patch again.

WAVE ENDS HARD WORK FOR GAME WITH TIGERS

NEW ORLEANS, Dec. 1.—(AP)—Sprit ran high in the Tulane football camp Thursday as the big Green Wave took its last hard workout of the regular season, and the players seemed anxious for the whistle that will send them at their last hurdle to the Sugar Bowl—their traditional rival, Louisiana State.

Coach Lowell Dawson gathered his men after the workout and said to them: "Now it's all up to you."

The squad apparently was not taking L. S. U. lightly, despite the latter's four defeats.

Physical condition of the team was as good as the mental state. Stan Nyhan, quarterback and ace punter who had been out the past ten days with a bad knee, seemed in good shape and kicked several zooming spirals.

TECH BULLDOGS BEATEN 19 TO 0 BY GENTLEMEN

Centenary Mixes Runs And Passes To Score Win Over Ruston Squad

RUSTON, La., Dec. 1.—(Special)—After a scoreless first half, in which the Louisiana Tech gridders surpassed the Centenary eleven with five first downs to two, the visiting Shreveport Gentlemen scored three touchdowns within 20 minutes in the third and fourth quarters to retain their gridiron supremacy of long standing over the local Bulldogs at Ruston Thursday afternoon. The victory of 19-0 was the second of a disastrous season for the Gents but it retained for them their gridiron supremacy over their traditional rivals, the Techmen, who have not defeated Centenary since 1921.

The game was the finale of the year for both teams and it marked Tech's sixth defeat as compared with five victories for the Bulldogs.

A drizzling rain, starting in the morning and continuing through the contest, rendered the field soggy and reduced attendance to about 2,500 people.

During the first half, the performance by both elevens was as drab as the weather. Punting exchanges were numerous, particularly in the first period, with neither team coming in sight of the pay-off zone. In the second quarter, the Techsters received a partly blocked punt on Centenary's 38-yard line, after which James Tinsley, halfback, advanced to the 28 for a first down, which was the Bulldogs' deepest penetration up to that time. Tinsley failed with a pass to Sam Gooch in the end zone from the 25 as the half ended.

But things began to happen in the third stanza, after the Gents had taken a punt on their 43-yard mark. A 15-yard penalty for unnecessary roughness was assessed against the Techmen, giving the Gents possession on Tech's 42. Barrie sped to the 34 and Barnes to the 20. Then Barnes lost five yards but a pass from Whitehurst to Barrie regained the loss. A pass from Barnes to Barrie carried the Gents to the 15 and Barnes hurried on to the six for a first down. In two short gains through the line, Barnes went over for the counter. Barnes kicked the extra point from placement, with Barrie holding.

Early in the fourth, Tinsley punted out of bounds on Tech's 30-yard line, which started the Gentlemen on a second touchdown rampage. Bynum passed to Bowerman on the 22, and Barnes, Wilkins and Agpar collaborated in progressing to the two-yard stripe, from where Whitehurst scored his first touchdown of the year. DEMONS TAKE CHAMPIONSHIP WITH 6-0 WIN

Two Bowl Contests Under Consideration By Natchitoches Eleven

NATCHITOCHES, La., Dec. 1.—(AP)—Louisiana Normal college's Demons defeated an ancient rival, Southwestern Louisiana institute, here Thursday, 6 to 0, gaining the S. I. A. A. championship and a chance at one or more of the smaller year-end "bowl" games. About 5,000 fans watched the game.

Normal has made a clean sweep of all its 11 games this year and has not been vanquished since the clash with Southwestern last Thanksgiving. Normal now has under consideration invitations to play in the "Oil Bowl" in Shreveport, La., and the "Steel Bowl" in Birmingham, Ala.

Tennessee Polytechnic institute of Cookeville issued the challenge for the Shreveport battle. The Birmingham bowl committee did not announce an opponent.

The game was played in a drizzling rain on a slippery field.

Playing the opening quarter cautiously, both teams exchanged the oval on successive punts. The Demons took the ball on their six-yard line, from where Wilbur Kirkpatrick, spinnerback, faked a reverse and hit the line for 16 yards. On the next play Parker Wiggins, Normal's candidate for little all-America fullback, broke through center for 70 yards carrying the ball to the Southwestern eight-yard stripe.

A Normal fumble on the four-yard line ended the threat as the Bulldogs punted out of danger with Boucher, Demon, fumbling, giving the ball to Southwestern on the Normal 49.

The Bulldogs made a first down but fumbled on the Normal 31. Gus Boucher then cut off tackle and raced behind perfect interference 69 yards for the only score of the game. Saucier's placement attempt at conversion failed.

With Boucher doing the booting, the Normal eleven kept the Bulldogs with their backs to the wall the second quarter without either team threatening.

Southwestern's only serious threat in the game came late in the third period when a Demon kick was blocked and the Bulldogs recovered on the Normal 30. The Demons held and Southwestern kicked out of bounds on the Normal eight.

The Demons missed a chance to score in the fourth period when they blocked a Southwestern kick on the Bulldog 19 with the visitors recovering and on the second attempt punting out of danger.

Normal made six first downs and 253 yards from scrimmage while holding the Bulldogs to one first down and 48 yards from scrimmage. Each team attempted one pass, the Demons' toss going incomplete. The Bulldog aerial attempt was intercepted.

Gus Boucher carried the ball eight times for a total of 83 yards and an average of 10.3 yards per try. Parker Wiggins carried the oval 16 times for an average of 4.7 yards per go. Kirkpatrick made 37 yards in four tries.

The entire Demon line played stellar ball with Edmond Saucier and Frank Eason, guards, the standouts.

SPORTS ROUNDUP

By Eddie Briets

NEW YORK, Dec. 1.—(AP)—Ace Parker, the football star, can manage the Portsmouth club in the Piedmont league next year if he wants to. He's a Portsmouth boy and red hot down there. . . . Jack Dempsey hops off for Manila tomorrow to referee Ceferino Garcia Vs. Glen Lee, for which he will collect $7,500. . . . Our dope is Judge Landis was only warming up when he socked those fines on the Brooklyn, Dayton and Columbus clubs. . . . What about the Michigan Wolverines leaving Nile Kinnick off their all-opponent team? Try to add that one up. . . . Tad Wieman, Princeton coach, is on a scouting trip in the south.

Jack Singer, N. Y. Journal-American: "Judge Landis has emancipated some more baseball slaves. . . . Before long somebody will write a play 'Judge Landis in Illinois.'"

A coast rumor has Tiny Thornhill headed for Temple with another coast coach (now employed) succeeding Tiny at Stanford. Who is it—Jimmy Phelan? . . . Benefactor, Colonel E. R. Bradley's 1938 Kentucky Derby hope, which went lame, will try a comeback on the Florida tracks this winter. . . . Friends of Doc Sutherland say he has four definite offers, three of which are believed to be from West Virginia, Rice and Lafayette. . . . The Athletics will try to land Hank Greenberg at Cincinnati next week. . . . Frank Crummitt, the radio star, has written a new victory song for Ohio State.

Looks like the business of exporting football players, long one of the principal industries in the West Virginia soft coal regions, will reach a new high this year. . . . The Rev. Edward Belanger of Clarksburg, has been doing a little research work and he finds no less than 28 lads from that section in front-line positions on major elevens from Rhode Island to California and as far south as Georgia (Tech).

Stan Frank of the New York Post has a nifty magazine piece on winter baseball trades out today (in Collier's) . . . The National A. A. U. girls' basketball tourney may not go back to Wichita, Kas., this year because of poor gates. . . . The Dapper Dan award for the man doing the most to publicize Pittsburgh this year will go to Billy Conn, the boxer. . . . The Duke Alumni association in Birmingham is on record for a Duke-Alabama home and home series. . . . Pat Kelly, head of the Metropolitan association, will be a strong candidate for president of the A. A. U. at the Florida convention next month.

Tide Backs Run Wild In Startling Triumph Over Commodores

NASHVILLE, Tenn., Dec. 1.—(AP)—A touchdown-hungry Alabama football team moved into Dudley field Thursday for a Thanksgiving day feast and gorged itself, 39 to 0, with the luckless Vanderbilt eleven footing the bill.

A crowd of more than 18,000 saw the game.

Alabama moved into point territory by way of land and air, capitalizing most of the time on the collapse of the heralded passing ability of Vanderbilt's little Junius (Doc) Plunkett.

Herky Mosley and Paul Spencer brought chilled fans out of their seats with terrific touchdown jaunts of 80 and 64 yards, respectively.

The first two times the Tide took to the air, touchdowns resulted immediately, Mosley pitching one 20 yards behind the goal to Jimmy Nelson early in the first period and flinging another the same distance to the same receiver in the third period.

Pass interceptions, one by Captain Carey Cox, Alabama center playing his last game, the other by Jimmy Helm, substitute for Spencer, paved the way for the two last-quarter markers.

Cox sped 19 yards to the 8 ffom where Spencer and Mosley thrust away to the 2 with Spencer finally plunging over. Helm's feat consisted of a 28-yard run back to the 18 with less than three minutes to go. Vaughn Tollett and Billy Harrell, third-string backs, banged away to the six and with the timer blowing his whistle, Harrell passed to Hal Newman, who fell over the goal line.

The closest Vanderbilt came to scoring was in the first period after Andrus returned the kickoff 36 yards to the 49 and five plays later held the ball on the 24. Plunkett passed to Hardy Housman who juggled the ball on the goal line.

MIGHTY AGGIES SMASH TO 20-0 WIN OVER TEXAS

Farmers Batter Way Toward Bowl Bid In Ending Season Unbeaten

COLLEGE STATION, Tex., Dec. 1.—(AP)—Mighty Texas A. and M. powered its way to an unbeaten season and the gates of a bowl game Thursday, burying University of Texas, 20-0, in the mud of Old Kyle field.

Football's "country boy" play, the old sideline hide-out, gave the massive farmers a start that produced three touchdowns in the last two periods while 40,000 shivered in rain and fog.

Shackled the first half by Texas' sophomore rascals and one of the oddest happenings of the football season, the Aggies waited no longer than the kickoff of the third period to start their skullduggery.

Over on the sideline, flattened to the mud, lay Earl (Bama) Smith, a tricky substitute halfback who hasn't played 15 minutes all season. On the first scrimmage play he streaked down the sideline, caught Walemon Price's diagonal 15-yard pass and worked to the Texas 27. Big John Kimbrough picked up five yards and then Price wafted a touchdown pass to Sophomore Jim Sterling in the end zone.

Bewildered Texas couldn't hold the Aggies after that.

Only once did Texas, its great Cowboy Jack Crain manacled by vicious Aggie linemen, give the faintest appearance of threatening to score, getting down to the Aggie 16 late in the game after Bill Connaster's kick had been partially blocked. Until then, the Aggie 43 was its best effort.

The Texans had a net gain of only 26 yards rushing while their passing tries wound up in the red by two yards. The Aggies piled up 204 yards on runs and passes.

Deep in the third period Price, an amazing thrower of wet footballs, loosed a 30-yard pass to little Herbie Smith, the Aggies' five-foot, seven-inch end, and he carried on nine more yards to the Texas three. Conaster plunged for the score.

The third Aggie touchdown came in a gift wrapping. While Crain's arching punt from his own 15 was in the air, officials called a foul on a free ball, ejecting Center David Thayer of Texas from the game and giving the Farmers the ball on the Texas 15.

Conaster swept both ends on two thrusts to the one-foot line and Kimbrough smashed across with a touchdown that made him the Southwest conference's leading scorer.

The Aggies reached the four-yard stripe on the last play of the first period, but a strange incident prevented even a chance to score.

Just as Conaster slipped to the four, after setting up the scoring threat with a 21-yard run, the period ended. Drowned out by the roar of 6,000 cadets and partisan Aggies, the sideline timekeeper's meek horn sounded before Conaster rode close to the goal line. The timer had to fire again to stop the play.

BROWN BEATS RUTGERS

PROVIDENCE, R. I., Dec. 1.—(AP)—Brown turned in two 65-yard marches in the final period to humble the previously unbeaten Rutgers football forces, 13-0, here Thursday before 12,000 persons. It was the Scarlet's first setback in 14 starts, since it bowed to New York university early last season.

"YOU'LL HAVE TO COME FOR ME!" TARZAN CHALLENGED.
THE HUGE TREE OFFERED EASY PASSAGE. SEVERAL RUFFIANS SWARMED UP TO DRAG TARZAN DOWN.

THE JUNGLE LORD BROKE OFF A TWIG AND FLUNG IT IN THE LEOPARD'S FACE.
INFURIATED, THE BEAST SPRANG AT HIM!
